The Environment Council of Rhode Island has awarded Senator John H. Chafee Conservation Honors to leading conservation, education and green business projects in Rhode Island for the last 15 years. This year's Award Ceremony will be on **May 8, at 6pm at the Providence Marriott** on Orms Street.

**Can you support this event in honor of 15 years?** We have included information about the evening's events and how you can participate. A member of our team will follow up with you shortly.

This 15<sup>th</sup> celebration of the Chafee Awards focuses on renewable energy developments in Rhode Island. **Rhode Island is on the cutting edge of the wind power revolution.** Thanks to advanced ocean use planning and private investment we will have the first off shore wind farm on this side of the Atlantic. Our list of exhibitors and sponsors includes organizations from the renewable energy sector, such as Rhode Island based Deepwater Wind. We will also learn about the advanced planning techniques pioneered by URI that guided this development. Get your questions answered!

A light buffet and cash bar will be available. More than 125 environmental and community leaders from Rhode Island are expected to attend.

**Please join us on May 8th and sponsor the 2014 Senator John H. Chafee Conservation Celebration.**

I look forward to seeing you there!

Best,

Jack Schempp, Chair, Chafee Conservation Celebration Committee
